

Cultural Association

Our college has a great tradition of providing a platform to the students to identify their potential talent. The main goal of our Cultural Association is to develop confidence and competitive spirit so that the overall personality of the students is developed. Our college organises its annual gathering every year. This gathering holds various intra-collegiate cultural competitions. These events give opportunities to our students to show their talent in the fields of arts, music, dance and drama competitions. The gathering is generally organised in the second or third week of December. In addition to this, our college also encourages students to participate in cultural events organised by other colleges.

We encourage students to also participate in various solo and group events every year in Youth Festival organised by University of Mumbai. In the academic year 2014-15, our students participated in the events like One Act play, Skit, Classical Singing, Group Dance, Miming, Mimicry, Solo Dance, Fine Arts, Elocution and Debate. Our all performances especially One Act Play, Group Dance and Fine Arts were appreciated by one and all for their innovation and supreme presentations. One of our SYBA students named Ms. Sneha Panchal won many prizes at various inter collegiate singing competitions and brought laurels to the college.
